

Erasmus+ UK Programme Statistics Publication Timetable

1 Introduction

This note summarises the timetable of the Erasmus+ UK Programme statistics reports published by the UK National Agency (NA).

The NA currently publishes reports covering four topics for the decentralised actions in each Erasmus+ Call Year:

- Applications received.
- Application results.
- Projects funded.
- Outputs Funded.

In February 2019 the UK NA started publishing information about the number and value of approved UK-led applications to Erasmus+ centralised actions.
